This Is Albany

THE ALBANY SOLANO Avenue Merchants Association has done a great job in carrying out plans for street decorations, and the beautiful holiday displays arranged by the individual firms. At the least of its holiday activity was the publication in the Albany Times last week of a message of Christmas and New Year greeting to the people of Albany.

The message was signed by the individual merchants involved, but unfortunately, the committee in charge missed two members in their published list. They were: McVey's General Hardware, 1133 Solano Ave., and Zierke Real Estate and Insurance, 1504 Solano Ave.

FIDELIS WHITE SHRINE will hold its next stated meeting and ceremonial next Monday, Dec. 27, at 8 p.m. in the social hall of the Community Church, Madison and Stannage Aves.

After the meeting there will be a New Year's party and gift exchange. Worthy High Priestess Doris L. U'Ren, is general chairman, and will be assisted by the officers.

Jaycees Open Nominations for Albany Distinguished Service Award

In line with similar presentations to be made by Junior Chambers of Commerce throughout the nation, the Jaycees here will present a distinguished service award key to Albany's outstanding young man at its January dinner meeting, according to Jerry DeMaria, president.

Anyone in the community is allowed to make nominations for this award which will be conferred for achievements, leadership and service to the community during calendar year of 1954.

The award is for direct, outstanding service and has no relation to Junior Chamber of Commerce membership. Nominee need not be a member of the Junior Chamber of Commerce and the only requirements are that said person be of age of 35 or younger and live or work in the City of Albany.

Nomination blanks may be secured by contacting Jaycee Chairman George Vila, 836 Polk St., Albany, or telephoning Land. 5-3637. All nominations must be received by chairman prior to midnight, Dec. 31.

The judging committee will be composed of citizens of the community.

William Thomas To Lead March of Dimes in Albany

William Thomas will lead the 1955 March of Dimes in Albany, according to announcement today by Clarence A. Miner, county chairman for the annual polio appeal to raise funds to carry on work of the Alameda County Chapter of the National Foundation for Infantile Paralysis.

The polio drive will start Monday, Jan. 3, throughout Alameda County and the nation.

Miner also reported that Mrs. A. A. Radder and Mrs. Eugene Blank have been named Albany co-chairmen of the Mothers March, the only door-to-door collection to be made during the campaign. This activity in which thousands of women throughout the county will call at homes where porchlights or other signals invite their visits, is scheduled for the latter part of the month-long March of Dimes.

Headquarters for the forthcoming polio appeal now are open in the State Theater Building, 1320 Broadway, Oakland. Volunteers interested in aiding the drive are urged to call there in person or by telephoning GLencourt 2-3718.

Navy Will Train Atomic Experts For Sub Reactors

The Navy Department announced today that select enlisted personnel will be trained to operate the highly secret atomic reactors in atomic propelled submarines Nautilus and Sea Wolf.

Personnel most likely to receive this specialized training are men of the electronic specialist and other engineering rates.

Thus in keeping step with the atomic age, the Navy adds another specialist trade to the many specialized fields in which Navy personnel are trained.

To obtain men to fill the many specialist billets, voluntary enlistments are open to qualified young men between the ages of 17 to 31. High school graduates are encouraged to contact the Navy Recruiting Station, Post Office Building, Room 224, Oakland, California.

Beautiful Yule Display In Albany

The elaborate and beautiful Christmas caroling group of figures at the Marengo home, 1453 Marin Avenue may again be seen by motorists and passersby, every evening between the hours of 6 and 9 p.m.

Started in its present form in 1951, R. J. Marengo and his wife Sylvia have developed the present lawn display with 12 life-sized carolers and an organist. Each of the 13 figures, including costumes, the many electric motors required, sound machines, organ and colored lighting equipment have been constructed from scrap material he had on hand in his home hobby shop, except for the heads of the figures which he had made to his order.

The entire display is flood-lighted on the Marengo lawn, with the sound and lighting turned on for the full 3 hours. Because of a City ordinance the sound has to be turned off at 9 p.m. Even such a minor detail as moveable hands for the organist has been added this year, as Marengo continues to add to the mechanical details of his display. The organ is completely wired.

The Marengos have lived at this same address in Albany for the last 35 years, and Mrs. Marengo vividly recalls how bare and almost "uninhabited" the area was when they first moved there. Marengo is a former Federal employee, and now is with a building firm. Mrs. Marengo has done all the costumes for the caroling group.

Richmond Stamp Club in Meeting

The Richmond Stamp Club held its final meeting of the year on Dec. 20, at the Harry Ellis Junior High School. Refreshments were served. Neil Campbell is president of the Club and Fred Borchers is secretary-treasurer.

DELAY BY PLAN EXPERT IN FILING REPORT BRINGS CRITICISM FROM COUNCIL

City of Albany 'Slighted' Says Mrs. Zahn

Following completion of the regular agenda by the Council last Monday night, Mrs. Kathie Zahn brought up the subject of the proposed East Bay Transit District over which there was a heated discussion earlier in the day in Oakland between some of the East Bay officials, and a group from San Francisco, which opposes the East Bay proposal on the ground that it does not fit in with their nine-county traffic plan.

Mrs. Zahn asserted that the City of Albany has been by-passed continually in discussions of this nature, and that the City had not been notified of a meeting held on Dec. 16 presided over by City Manager John Phillips of Berkeley. She said she had been informed by Phillips' office that the meeting had been called for "City Managers," and that as Albany did not have that type of government and no city manager, no notice had been sent to Albany.

Declaring that this "slight" to the City of Albany, was one that should not be overlooked, Mrs. Zahn demanded that a letter be sent to the Chairman, calling attention to this "slight" to Albany, and demanding that Albany be included in all future gatherings of this nature.

Other members of the Council disagreed with Mrs. Zahn on the ground that the larger cities, like Oakland and Berkeley, could easily over-ride any Albany requests of this nature, and it would be better to "ask that Albany be included in these meetings rather than to possibly antagonize the official group by a letter critical of their action." Mrs. Zahn refused to go along with this plan, and after a prolonged and heated discussion, the Council adjourned.

Bay View Eagles Auxiliary to Hold Meeting Dec. 28

Next regular meeting of the Bay View Eagles Auxiliary is scheduled to be held at 8 p.m., on Tuesday, Dec. 28, at the Albany Community Methodist Church, Marin and Stannage Avenue. Refreshments will be served by the following committee: Mrs. Elsie Smith, chairman, assisted by Misses Ethel English, Peggy Aguayo, Leona Andrews, Marie Conny, Gladys Lewis, Bernice Greenwood. Birthdays honored during December were those of Olwyn Brothers, Christine Wood, Gertrude Hart, Matilda Reid, Emma Gerardi, Sara Seiling. Entertainment will be provided by Menefee's Dance Studio. Mrs. Elverna McDougall, will preside.

Albany Youths Home for Holidays

Robert L. Shedd, 1134 Portland, and Duane Gowland, 510 Masonic, are home on Holiday vacation with their families, from the University of Idaho, at Moscow, Idaho, where they are members of the student body. They will return to school in time for reopening after New Year's.

Before an audience of vacant chairs Albany's City Council held one of its most strenuous sessions Monday night.

Sparked by the receipt of a letter from Lawrence Livingston Jr., planning consultant under contract with the City to lay out a long-range zoning plan, and a companion zoning ordinance, in which the expert again asked for a 60-day extension of time, members of the Council engaged in heated argument over what action should be taken in order to obtain more immediate results.

Councilwoman Zahn demanded that the "entire plan be junked, and that City Attorney Foley be asked to write a zoning ordinance." Other members of the Council expressed themselves as averse to taking such action and thereby "throw away" the \$1330 already paid the expert.

City Attorney Foley declared that Livingston was wrong in saying that it was impossible to draw up an ordinance without a prepared zoning map and a tentative master plan, and he could see no logical reason for the long delay.

The Council finally voted 4 to 1 to hold a meeting with the expert in the "front office" of the City Hall at 7 p.m., Monday, Jan. 3. Councilwoman Zahn voted "No," declaring she believed the meeting should be held in the Council meeting room, and at the usual hour of 8 o'clock. Mayor Howell declared the meeting would be open to the public, but the more informal front office provided a better place for the meeting than the Council Chamber.

In other action the Council voted to permit Hill-Aire Homes, Inc. to construct two homes on Hillside Avenue (Albany Hill) without requiring the installation of sidewalks in front of the property. City Engineer Carter was also requested to draw up a list of other property on the Hill where, in his opinion, sidewalks are unnecessary and should not be required. Hill-Aire also was granted permission to move a sewer line crossing the middle of one of their lots, to a more suitable position farther north, all at its own expense.

Starlighters Hold Annual Christmas Dinner Party

About 36 members of the Starlighters of Vista Cerrito Chapter, O.E.S. El Cerrito gathered recently at the home of Mrs. Garland Kinser, 517 Bonnie Drive, El Cerrito for their annual Christmas party. A buffet dinner was served at tables beautifully decorated with holy berries and centered with lighted red tapers. Following the dinner there was an exchange of Christmas gifts and the junior past worthy matron, Mrs. Thomas C. Smith was presented with a beautiful radio clock and the outgoing president of the Starlighters, Mrs. Blake Eastin was presented with an electric toaster. The installation of officers for the coming year followed with Mrs. Wesley Richards being installed as president, Mrs. James Heks as vice-president; Mrs. S. Winton as secretary and Mrs. H. Skee as treasurer. Mrs. John Winton led a community sing of Christmas carols.

Bicycle Owners Take Notice!!

The Albany Police Department will start issuing the 1955 bicycle license plates at 8 a.m., Monday, Dec. 27. All owners are requested to bring their bicycles to the Police Department where the license plates will be attached. The fee is 50 cents. At the time of receiving his new plate, each owner will receive a bicycle handbook indicating proper bicycle operation. It is requested that parents of younger children read the booklet with the child in order that he understand the rules contained therein.

Molasses Hot Breads Rival Dessert

Homemade bran muffins and brown bread, fragrant of molasses and served hot, are enough to make a person pass up dessert. They give a special touch to an otherwise simple meal.

Cereals and unsulphured molasses, staples on the pantry shelf, present themselves anew as hot breads. The bran muffins and brown bread with their whole grain or enriched cereals provide significant B vitamins and iron and help out with protein. Unsulphured molasses gives them a tasty flavor delight, and count on this sweetener for its energy values as well as its excellent source of iron.

Molasses Bran Muffins

1/4 cup shortening 1/4 cup milk
1/4 cup unsulphured molasses 1 cup sifted all-purpose flour
1 egg 2 1/2 teaspoons baking powder
1 cup bran 1/2 teaspoon salt
1/2 cup finely cut dates

Blend together shortening and unsulphured molasses. Add egg; beat well. Stir in bran and milk; let stand until most of moisture is taken up. Sift together flour, baking powder and salt. Add to molasses mixture with dates, stir only until blended. Fill greased muffin pans 3/4 full. Bake in moderate oven (350°F.) 30 minutes.

YIELD: 12 small muffins.

Molasses Brown Bread

1 cup sifted all-purpose flour 2 cups corn meal
2 teaspoons baking soda 1 cup unsulphured molasses
1 teaspoon salt 2 cups sour milk
1 cup quick rolled oats 1 cup raisins

Sift together flour, soda and salt. Add quick rolled oats and corn meal; reserve 1/4 cup in which to coat raisins. Stir in unsulphured molasses and sour milk. Mix raisins with 1/4 cup dry mixture; add to batter and mix well. Turn into 4 greased No. 2 cans, filling each 3/4 full. Cover with metal foil or 2 layers of brown paper tied in place with strong cord. Place on rack in large kettle with tight fitting cover. Pour in boiling water to approximately 1/2 of the height of can. Steam 2 hours.

YIELD: 4 loaves.

For Christmas Fun and Good Eating

You can make professional-looking candy apples on a stick. Just follow this recipe.

(Select crisp, firm, red apples. Wash and polish. For the sticks, use wooden meat skewers, or flat wooden blades (tongue depressors) you can buy in a drug store.)

Candy Apples-on-a-Stick

8 medium-size red apples 1/2 teaspoon cinnamon
2 cups sugar 1 cup water
1 cup light corn syrup Red pure food coloring

Wash apples; dry; remove stems; insert wooden sticks firmly in stem ends. Stir sugar, corn syrup and water together in medium-size saucepan until sugar almost dissolves. Cover; bring slowly to boiling. Remove cover; boil rapidly, without stirring to 300° F., or until 1 teaspoonful syrup separates into hard brittle threads when dropped into cold water. During cooking wipe sides of pan often with wet cheesecloth wrapped around a fork. Add flavoring and enough coloring to tint syrup bright red; remove from heat; stir until blended.

Tip: saucepan; dip apples, twisting in syrup until covered. Let any extra syrup on apples drain back into saucepan. Work quickly, placing saucepan over low heat or boiling water if necessary to keep syrup thin enough to coat apples easily. Save any excess syrup to help stick on decorations. Place coated apples, stick up, on lightly greased cookie sheet to harden.

triet will preside at the institution. Decorations committee: Irene Alimphiti, Constance Dietschy, Marie Cope and Katherine Garges. Place cards: Dorothy Simmons and Josephine Sategana.

Outdoor telephone booths get new look

Here's the kind of telephone booth you'll see us using in many outdoor installations from now on. And we think you'll like it a lot. Instead of wood, it has a silvery-white aluminum frame, with big glass panels that will give you better lighting. You'll also find it roomier and better ventilated than the wooden models. These handsome new booths cost less to take care of, too . . . and last longer. They help us bring you more and better telephone service at low cost. Pacific Telephone works to make your telephone a bigger value every day.

Save time—check doubtful numbers before you call

Lots of times—especially when people are in a hurry to talk to someone—it's a temptation to call a telephone number they're not quite sure of. But studies we've made show that a caller often winds up getting the wrong party in cases like this. For memory can play strange tricks with telephone numbers. And, of course, it means inconvenience and wasted time. That's why we suggest you look up numbers in your directory whenever you're in doubt about them. You'll complete your calls faster and save yourself a good deal of trouble in the long run.

National Security and Pacific Telephone

How is everyone warned that an attack is eminent? That's easy! It is all done with a turn of a master dial. The Civil Defense Forces and Pacific Telephone have an elaborate system of "bells and lights" interconnected through private telephone line facilities and controlled by one master dial. This signal is instantaneous at all locations. Yellow means—attack probable, red—attack eminent, and white—all clear.

A. H. Schmith, Senior Testboardman is shown making the daily routine tests in Oakland to assure instantaneous alerting at the turn of the dial.

Many industrial plants and schools have had this system installed as protection for their employees or students.

Albany Cubscout Pack 7 Holds Big Christmas Party

The ideals, festivity and fun of the gayest holiday on the American calendar were portrayed at the Albany Cubscout Pack 7 Christmas Party held Dec. 10 in the Cornell School Auditorium before one of the largest and tremendously enthusiastic gatherings on record.

Decked with boughs of Christmas berries, cupcakes, and cookies, the handsomely decorated Cornell School Cafeteria fulfilled every Cub's dream of Santa's "Goodie Shop." Climaxed by the appearance of Santa Claus himself—were three outstanding dramatic skits. Mrs. Alta Cook, den mother and cubs of Den 9 presented the "Nativity," Mrs. Irene MacKenzie, den mother and the cubs of Den 6 presented "An Old Fashioned Christmas," and Mrs. Ruth Chota, den mother and cubs of Den 4 presented "A Modern Christmas."

Cubmaster Dan Ilattori explained that the highly successful and well planned party was the result of the excellent coordination of the efforts of Committee Chairman Earl and Party Chairman Mrs. R.E. Matthews.

The official inspection committee consisting of Principal Milton Gordon, Troop No. 45 Scoutmaster Henry Silva, former cubmaster of Pack 7, Larry Cassell and Assistant Pack 7 Cubmaster Paul Calderhead named Den 5 as winner with Den 1 as runner-up.

An initiation ceremony was conducted for: Gary Karst, Russell LeGault, Gary McCosker, Richard Mower, Gerald Nigro, Wayne Owen, Phillip Scaparro, and Chas. Byars.

Honored guests participating in the Pack 7 Christmas celebration were District Scout Executive Ray Balmforth and the Neighborhood Commissioner Richard James.

We should give as we receive, cheerfully, quickly, and without hesitation; for there is no grace in a benefit that sticks to the fingers.—Lucious Seneca.

The truly generous is the truly wise.—John Home.

A man there was, they called him mad; the more he gave, the more he had.—John Bunyan.

The Greatest Story

The vivid story of the Wise Men who followed the Star of Bethlehem, the moving story of the Christ Child born in a stable because there was no room in the inn: This is the greatest story ever told. Let us retell this story, as we celebrate the anniversary of His birth!

Ellis Olson

Food Sense—Not Nonsense

Within Reach—Health at the Start

Within reach of practically all babies is good health and a well developed body—truly one of the most precious endowments parents can give.

Such a start in life is a family affair. The baby's health at birth is affected by food habits—its family's food habits. The mother's long-time food likes and dislikes, in her parent's home and how she cooks to please her husband, all affect her and her unborn child, although possibly differently.

Science holds out a bright hope for parents. Mothers who have excellent or good diets during pregnancy—and before pregnancy—have good prospects for a bouncing, healthy baby, one that is well developed.

Getting ready for baby—particularly the first one—is a big event. A most important part is to choose an adequate diet, one which supplies enough of each needed nutrient. Science is finding that diet in the first months of pregnancy—and even before—may have a profound effect on the developing child.

A mother-in-waiting adjusts her food needs under the direction of her doctor. While her demands for calories will increase only moderately, her need for protein and calcium will rise sharply. Requirements for vitamin C and the B vitamins—thiamine, riboflavin and niacin—almost double. To take care of these changes, she will want to eat plenty of meat, eggs, and dairy products. She will almost double the quantity of fruits and vegetables.

Fortunately, inexpensive foods, such as potatoes and enriched bread are protective ones. According to a study made at the University of Iowa of diets of expectant mothers from modest income groups, enriched bread prevented deficiencies of two B vitamins—riboflavin and niacin—and iron, and supplied substantial quantities of protein and calcium. The study also revealed that potatoes, popular with this group, furnished sufficient vitamin C and additional iron.

All in all, parents can and do put good health in reach of their baby.

Make It a Safe, Happy Christmas Says Fire Chief

Albany Fire Chief Fred Pimental warned today, that as the holiday season approaches, all should take certain precautionary measures in order that a safe and happy Christmas season may be enjoyed by all.

In his statement the chief listed some recommendations that if observed will reduce the hazard from Christmas trees as far as possible. They are:

- 1—Select a fresh tree, no larger than you need.
 - 2—Mount the tree securely so that it cannot overturn easily.
 - 3—Place the tree away from fireplaces or other heat sources, and not in a position to block exit from a room in the event it should catch fire.
 - 4—Examine all cords for fraying, or worn connections. Do not leave the tree lights on when no one is at home.
 - 5—Dispose of gift wrappings and packing material immediately, not allowing it to accumulate.
- The chief believes if these simple recommendations are followed, lives and property may be spared from the ravage of unnecessary, preventable fires.

Pretty Pretty Pudding

AT HOLIDAY TIME when the mood is light, and colors bright, serve a smooth, pretty pudding, dressed up gaily with red cherries and whipped cream. This Lemon Pudding de Luxe is companionable with any Christmas cake or Christmas cookies you have on hand, so if your entertainment budget runs low towards the season's end it may be considered economical, too!

LEMON PUDDING DE LUXE

1 package lemon-flavored gelatin 1/2 cup sugar
1 cup hot water 2 tablespoons lemon juice
3/4 cup cold water 1/2 cup heavy cream
1/4 teaspoon salt 1/2 cup drained halved red sour pitted cherries

Dissolve gelatin in hot water. Add cold water, salt, sugar, and lemon juice. Chill until slightly thickened. Whip cream until thick and shiny, but not stiff. Fold cream and cherries into slightly thickened gelatin mixture. Pour into large serving dish or individual molds. Chill until firm. Makes 6 to 8 servings.

Jewish Education Council Holds Chanukah Festival

The Chanukah Festival sponsored by the Jewish Education Council of the Jewish Welfare Federation for all children in Alameda and Contra Costa Counties will be held this year at the Oakland Auditorium Theater on Sunday morning, Dec. 19. Rabbi Sidney Akse-

rad, chairman of the Jewish Education Council, said: "Since 1954 is the year in which American Jewry is celebrating the 30th anniversary of the settlement of Jews in America, it is especially fitting that we devote this year's Chanukah Festival to the celebration of this occasion. 'This is proper because Chanukah is our ancient holiday devoted to religious freedom. The Jews have enjoyed religious freedom ever since they settled here in 1654.'"

The Jewish Education Council is composed of representatives of all Jewish religious schools in Alameda and Contra Costa Counties, including Temple Sinai, Temple Beth Abraham and Temple Beth Jacob in Oakland; Temple Beth El and East Bay Kinderschool in Berkeley; Temple Beth Shalom, San Leandro; Temple Israel, Alameda; Jewish Community Center, Richmond; Beth Israel Community Center, Pittsburg; Jewish Community Center, Lafayette, and Livermore Jewish Community, Livermore.

A pageant written by Lou Hartman, directed by Irma Wallenius and Cantor Burton Kaplan, and supervised by a committee under the leadership of Aaron Greenberg and Contra Costa Counties was presented.

"Selfish" Oil Titan Gives Millions Away

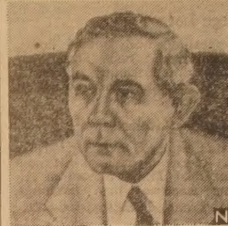

Hardly anybody blinked an eye when Hugh Roy Cullen gave two and a quarter million dollars to the University of Houston, last winter. Hardly anybody in Texas, anyway.

This big-hearted, impulsive, outspoken, ruggedly individualistic oil millionaire has given away over \$160,000,000. In one 48-hour period he gave over a million dollars to each of four separate hospitals, setting an all-time record in generosity. And in 1947, he set up the Cullen Foundation to dispense his wealth in systematic if somewhat overwhelming fashion.

"My wife and I are pretty selfish about our giving," he explained recently. "We want to see our money spent while we're still alive, so we can enjoy the spending." The story of what one newspaperman called "the biggest heart in Texas" is told in a new book, "Hugh Roy Cullen, A Story of American Opportunity."

Cullen acquired his wealth as a wildcatter in oil, starting from scratch, with little more than courage, faith, obstinacy and uncanny instinct. His philanthropies started early in life. "I've always wanted to help people," he says. "I guess I was as eager to help people when I was poor as I am now. It is my conviction that unless a man is generous to begin with, the richer he gets the tighter he gets."

Years of hard work and determination made Cullen the uncrowned king of the wildcaters, a legend in his own time. By his middle years, still drilling vigorously, his unbounded wealth was matched by his unstinting phil-

Hugh Roy Cullen

anthropies, since he felt that the riches he had extracted from American soil should be used to serve the needs of his less fortunate fellow-citizens.

As Speaker of the House Joseph Martin commented on his absorbing life story, "The story of Hugh Roy Cullen should be required reading for any pessimists who believe that America is a nation of vanishing horizons. . . . As long as our country produces men of the character of Roy Cullen, it will go forward."

Albany Man Wins Eagles of Colonel in Army

Word has just been received in Albany of the promotion to full colonel in the Regular Army of Matthew C. Mantz, son of Mr. and Mrs. M. F. Mantz, 1030 Ramona Ave. Colonel Mantz was invested with the silver eagles of a colonel on Dec. 13 by Maj. Gen. Victor A. Conrad, commanding general at Fort Monmouth, New Jersey, in a special ceremony.

Col. Mantz attended Cornell School, and was graduated from Berkeley High School and the University of California, entering the Army shortly after graduation in 1938 as a second lieutenant. He saw service under Gen. Stilwell for three years in the China-Burma-India theater, following brief service in Greenland, and three years in Germany. Col. Mantz was married while serving in India during the war, and is now living at Fort Monmouth.

Mr. and Mrs. Mantz are justly proud of their son, and also of the fact that an older son also served through the late war. This son is F. F. Mantz, a civil engineer with the P.G. and E. and a lieutenant colonel in the reserve.

Don't Throw Away Surplus Calendars

Always at the holiday season there are many merchants who give away beautiful calendars to their friends and customers. In many cases a great many more calendars are received than can be utilized. Don't throw them away, for they are wanted overseas. Send them down to the T & D Theater at 11th and Franklin in Oakland, and they'll be cared for by Newscaster John K. Chapel. Mrs. I. Hoyle of 926 Tulare Ave., Albany, says she already has collected scores of these calendars, in all shapes and sizes, and she urges others in Albany to aid in this drive.
